

Cajas industriales - Protección IP-65

Industrial enclosures - IP-65 protection

Grado de protección/degree of protection	IP-65* *Dependiendo de la toma instalada el grado de protección del conjunto puede variar *Depending on the socket to be installed the grade of protection of the set can be different
Resistencia al impacto/resistance to impact	IK 08
Resistencia al hilo incandescente/test of resistance to glow wire	650°C
Grado de autoextinguibilidad/auto-extinguishing degree	HB(UL94)
Estabilidad dimensional/dimensional stability	-25°C+85°C
Presión de bola/ball pressure test	70°
Norma aplicada/Applicable norm	EN 60 439-1-3

Entradas pretroqueladas
Knock-outs

Screw covers

Bisagras reversibles sujeción puerta
Reversible door hinges

Sistema modular

Nuevo concepto de cajas industriales para instalaciones eléctricas, enlazables en sentido vertical y horizontal mediante racords de sujeción. El sistema permite enlazar con facilidad

12 modelos distintos de cajas industriales, desde cajas estancas standard, cajas universales para tomas universales a cajas que incluyen los elementos de protección (diferencial, magnetotérmicos, etc.)

Modular system

A new concept for a modular system of industrial enclosures that link together vertically and horizontally with a simple joining accessory. There are 12 different models that can all be linked together in any combination. The models include sealed boxes, universal boxes for industrial sockets and enclosures for up to thirteen automatic switches.

Universal

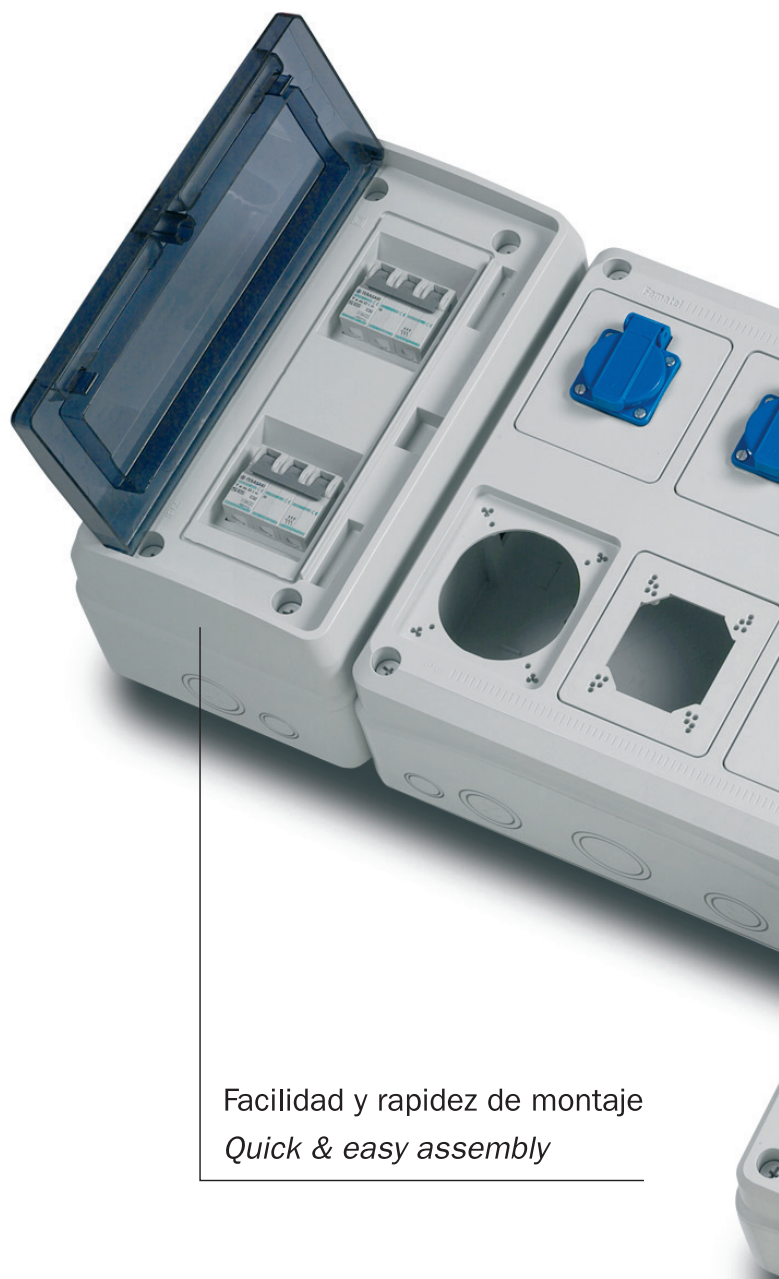

Sistema patentado que permite la instalación del 90% de las tomas industriales IP44 / IP67.

La fijación es mediante unos alojamientos especialmente diseñados que garantizan la sujeción de las tomas con tornillos.

Universal

A universal patented system for the easy installation of up to 90% of the industrial sockets currently available on the market.

By using unique system of holes that are carefully positioned you can easily install and connect almost all of the IP44 / IP67 industrial sockets on offer.

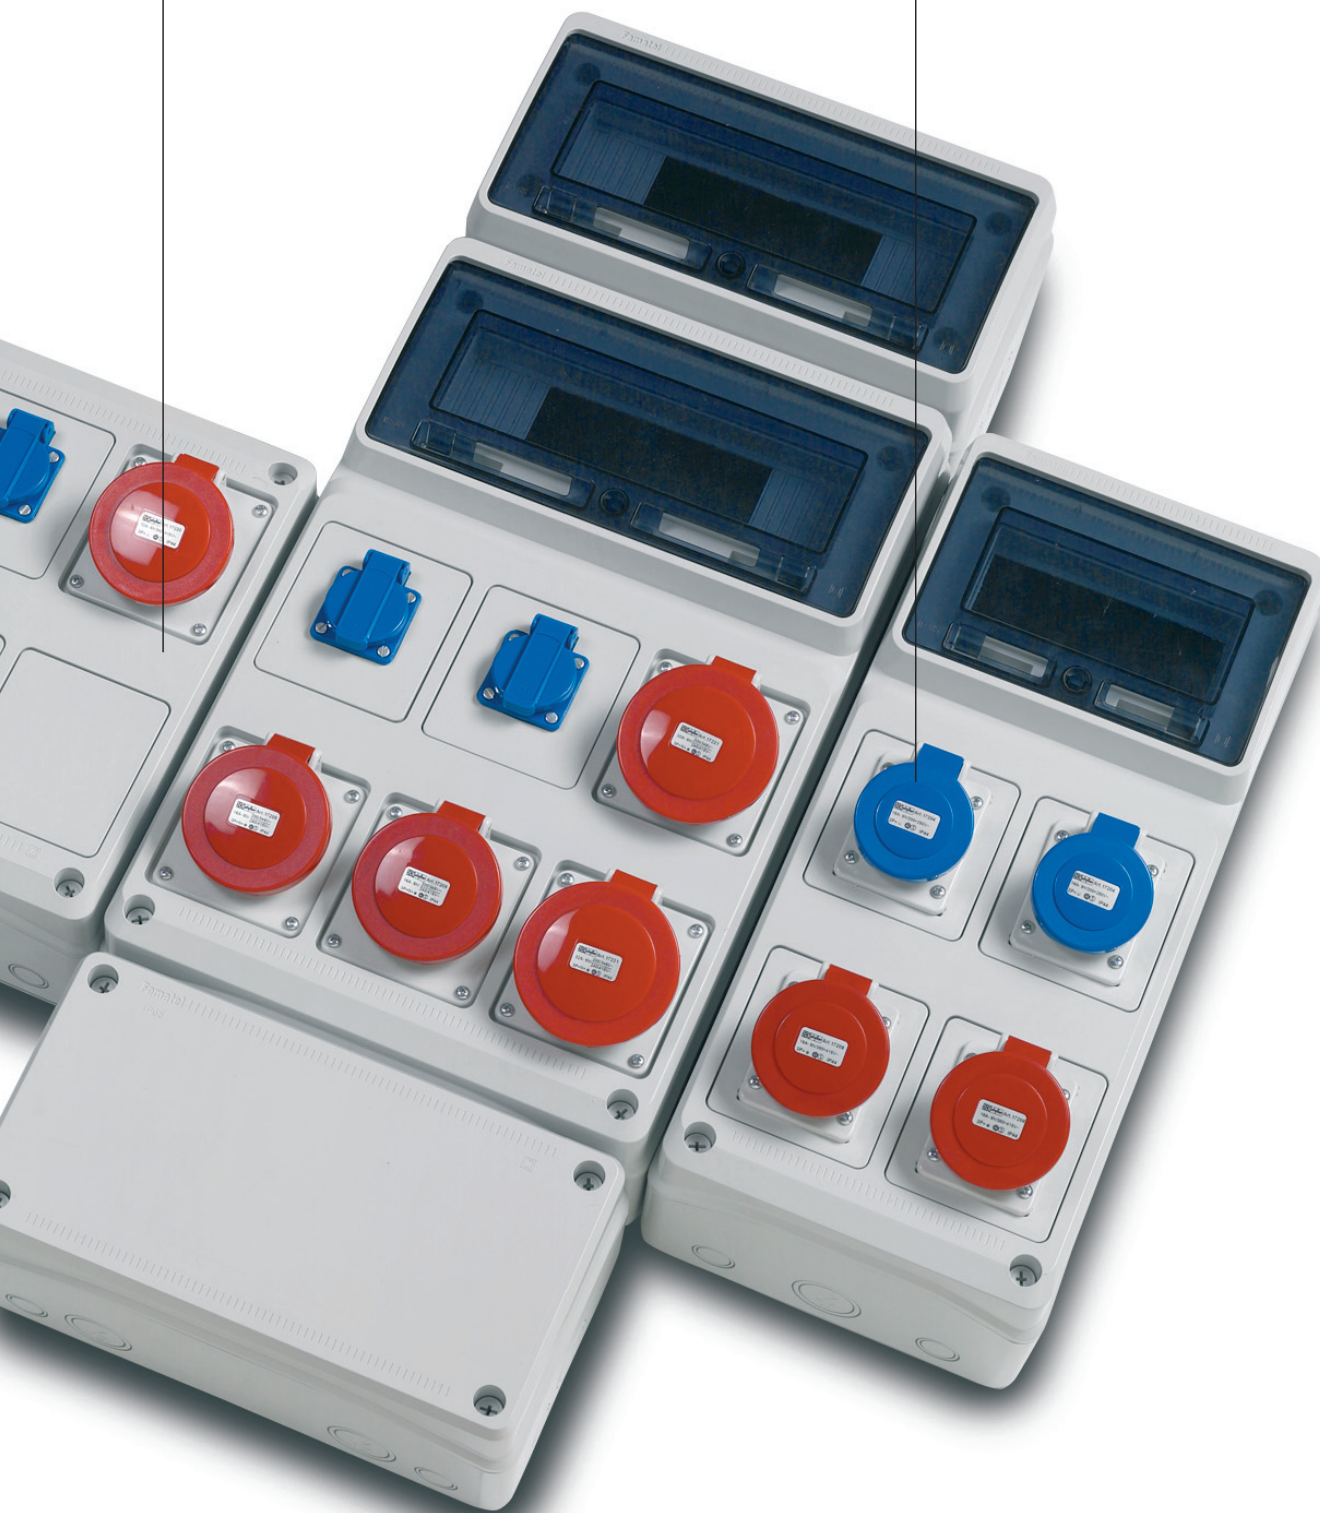

Facilidad y rapidez de montaje
Quick & easy assembly

12 modelos combinables
según necesidades

*12 models to combine
according your needs*

Admite cualquier toma del mercado
sin necesidad de troquelar

*Adaptable to any industrial socket
available on the market without cutting*
